

BUSINESS

Track: Healthcare Business

ABOUT THIS DEGREE PROGRAM

BUSINESS CORE

A FOUNDATION IN BUSINESS

This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success. These courses introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

A PROGRAM TO FUEL YOUR FUTURE

By pursuing the Healthcare Business track, you will enhance your foundational business knowledge by reviewing essential concepts related to healthcare services. Prepare to learn basic medical terminology, characteristics of U.S. healthcare systems and key trends related to the delivery of healthcare services - all while building the basic skills necessary in a business or healthcare setting.

IS THIS PROGRAM FOR YOU?

Interested in understanding the basic issues related to business and gain a foundational understanding of healthcare services? Then this program may be the right fit for you.

Earn a Credential at Every Step

BUILD SKILLS WITH STACKABLE DEGREES

When you earn an Associate Degree in Business, eligible credits you completed in the program apply to your Bachelor's Degree in Technical Management¹. Build your confidence – and your resume – when you start your journey at DeVry.

¹The figures displayed represent the minimum credit hours required for graduation. Additional coursework may be necessary to complete program requirements. At the time of application to the next credential level, an evaluation of qualifying credits will occur and the most beneficial outcome will be applied. Future programmatic changes could impact the application of credits to a future program. Refer to the academic catalog for details. The ABUS-Healthcare Business track is not embedded in the bachelor's degree in technical management with health information management specialty. Students may pursue other technical management specializations, such as health services management. For the associate in Business, Healthcare Business specialization, eligible credits apply towards the Bachelor of Science in Technical Management-General Option.
